

Medical School Curriculum Committee

11/5/16

Members

- ▶ Michael Lotze lotzemt@upmc.edu
- ▶ James Broach jbroach@hmc.psu.edu
- ▶ Joyce Obeny joyce.obeny@med.uniupo.it
- ▶ Brian Keith bkeith@mail.med.upenn.edu
- ▶ Bryan Allen bryan-allen@uiowa.edu
- ▶ Linda Vona-Davis lvdavis@hsc.wvu.edu

Thank you Dr. Lotze for your years of service to the committee

We would welcome additional members!

Discussion Topics

- ▶ Fostering a relationship with ASCO, AACR, SITC, and ASTRO. Continuing to ask for student and faculty surveys regarding cancer education as part of the medical school curriculum
- ▶ Developing a PBL/CBL example for use in the medical school curriculum.
 - ▶ CABTRAC distribute case with the support of ASCO, AACR, SITC, and/or ASTRO.
- ▶ Creating and maintaining time for cancer education in medical school training.
- ▶ Protecting resident and fellow dedicated research time
- ▶ Resurrecting a previously written white paper addressing cancer fundamentals that should be addressed as part of the medical school curriculum
- ▶ Creating interest in medical students to pursue cancer research

Action Items

- ▶ Create an example cancer based problem based learning (PBL) case to be distributed by CABTRAC to medical schools
 - ▶ Michael Lotze and Tullia Bruno volunteered to develop a PBL case on melanoma
- ▶ Updating proposed white paper regarding cancer topics that should be addressed as part of medical education
