

UT Southwestern
Harold C. Simmons
Comprehensive Cancer Center

Cancer Research Postdoctoral Recruitment Event

Late-stage graduate students or recent graduates are invited to apply for an expenses-paid trip to Dallas, where they will have the opportunity to learn about funding and research opportunities from UT Southwestern faculty members and current postdoctoral trainees.

Benefits:

- Expenses-paid trip to Dallas
- Discuss research and opportunities with faculty members
- Meet with current postdoctoral trainees
- Learn about funding opportunities and the UT Southwestern Postdoctoral Program
- Attend an annual symposium hosted by the Advanced Imaging Research Center and The National Center for In Vivo Metabolism. The title of this year's symposium is **The Cancer Metabolism Connection**.

When: January 29 – 31, 2019

Application (one PDF file) should include:

- Research Interests
- CV
- Email Addresses of 2 or more faculty references
