

Kansas City • October 28-30

Frank M. Torti, MD, MPH

Trainee Poster Awards

Top Two Graduate Student Scientific Posters:

Philippa Burns - University of Illinois at Chicago

Serine Starvation Inhibits SRSF Protein Expression and Modulates RNA Splicing in Breast Cancer Cells

Dina O'Connell - University of North Carolina at Chapel Hill

Genomic Characterization Of MHC-I-Mediated Immune Evasion in Breast Cancer Using Human Datasets and Immunocompetent Mouse Models

Top Two Postdoctoral Fellow Scientific Posters:

Queralt Vallmajo Martin, PhD - Salk Institute for Biological Studies

The Molecular Chronology of Mammary Epithelial Cell Fate Switching

Kirk West, PhD - UAMS Rockefeller Cancer Center

Autophosphorylation of the Tausled-like kinases TLK1 and TLK2 regulates recruitment to damaged chromatin via PCNA interaction
